Stenciling:

If you choose to stencil, you can use the ink and stencils of your choice. My placement is a suggestion for your pages.

Layout #1

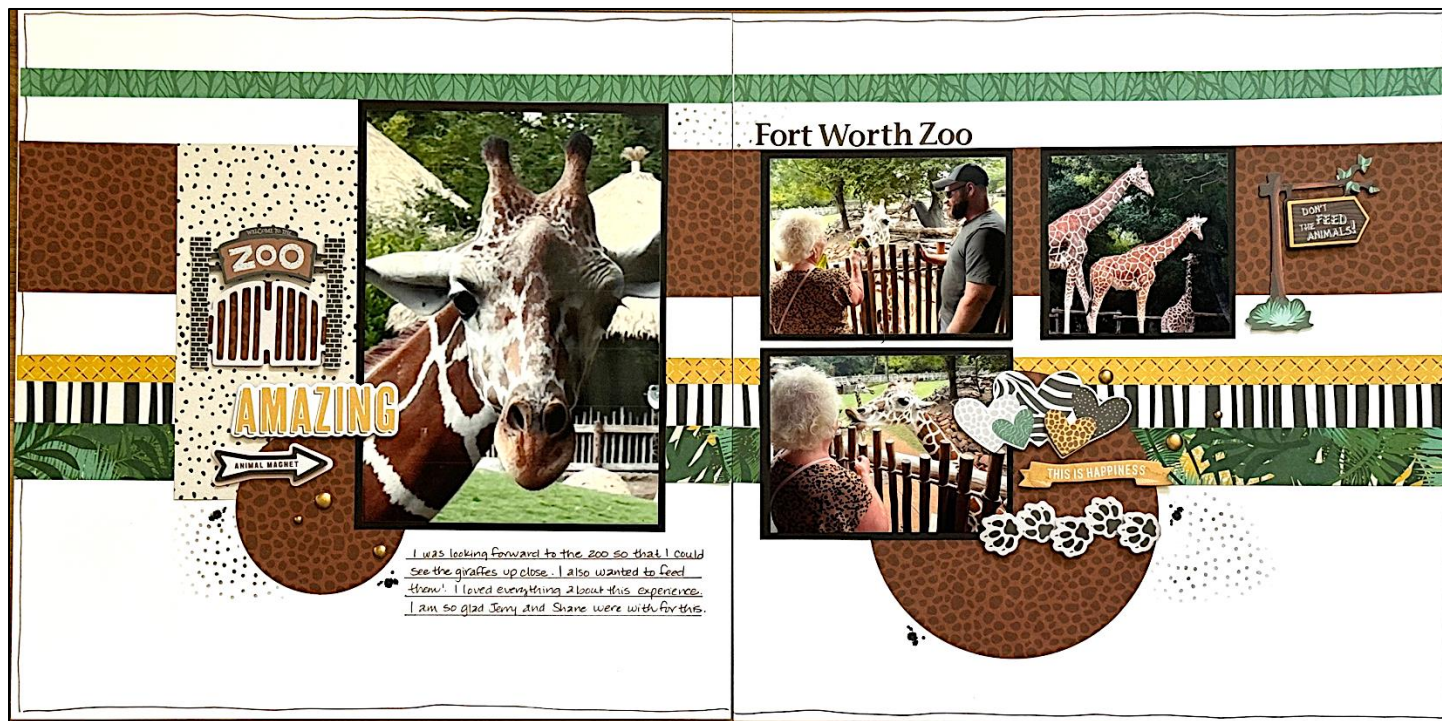

Base: Bright White Cardstock

Directions:

1. Draw a journal line around the outside of the bases using the thin end of the Brown dual-tip pen.
2. Adhere the zebra striped paper is directly at the top of both pages.
3. On the left page, adhere the jungle paper 1" from the right edge and 2½" from the bottom. Add the yellow grid paper directly to the left and 2¼" from the bottom. Next add the vine paper directly to the left of the yellow paper and 3" from the bottom.
4. Add the giraffe spotted paper against the right edge and 3¾" from the bottom.
5. The photo mats are 2" from the bottom.
6. On the right page, add the giraffe spot paper 3¾" from the bottom. Follow by adding circle 1½" from the top and 2¼" from the left edge. Finish with the jungle paper ¾" from the left edge and 2½" from the bottom.
7. The large photo mat is 3¾" from the left edge and 2" from the bottom. The small photo mat is angled a bit and tucked under the large photo mat on the right.
8. Finish by adding embellishments of your choosing along with journaling. I journaled around the edge of the circle. Use foam squares where desired.

Layout #2

Base: Bright White Cardstock

Directions:

1. Draw a journal line around the outside of the bases using the thin end of the Brown dual-tip pen.
2. Follow the same directions for the paper strips on both pages.
 - The vine paper is 1" from the top.
 - The giraffe spot paper is $\frac{3}{4}$ " below the vine.
 - The yellow grid paper is 1" below the giraffe spot.
 - The zebra stripe paper is directly below the yellow grid.
 - The jungle paper is directly below the zebra stripe.
3. On the left page, add the black dot paper $2\frac{1}{2}$ " from the left edge and $3\frac{3}{4}$ " from the bottom. Follow by adding the small circle $3\frac{3}{4}$ " from the left and 2" from the bottom.
4. The large photo mat is directly to the right of the black dot paper and $3\frac{3}{4}$ " from the bottom.
5. On the right page, add the large circle 5" from the right edge and 1" from the bottom.
6. The bottom photo mat is $\frac{1}{2}$ " from the left edge and 3" from the bottom. Add the others.
7. Finish by adding embellishments of your choosing along with journaling. I drew lines and added journaling on the left page. I also used Hot Fudge mini alphabets for a title. Use foam squares where desired.

Layout #3

Base: Bright White Cardstock

Directions:

1. Draw a journal line around the outside of the bases using the thin end of the Brown dual-tip pen.
2. Start from the inside of the pages. The zebra paper is $\frac{1}{2}$ " from the bottom, and the giraffe spots are $1\frac{1}{4}$ " from the bottom. Look at the photo to place your paper in order.
3. The lower photo mats are $3\frac{3}{4}$ " from the bottom and the higher ones are $4\frac{3}{4}$ " from the bottom.
4. Finish by adding embellishments of your choosing along with journaling. I added small journaling strips by the photos. Use foam squares where desired.
