Step 1: Bright White cardstock is your base. Splatter Summer Sky ink at the top right, 2" from the top left, bottom left corner, and 1" from bottom right and right edges. Layer these areas with Gray Flannel splatters.

Step 2: Cut (1) 9" x 2" piece of blue snowflake paper and adhere 2" from the top and against the right edge. Cut (1) 11" x 5" piece of blue checkered paper. Place directly under top piece. The third piece is the snowflake border sheet is 10" x 3". Place below the other two. Finally cut an 8 ¼" circle using the Jumbo Circle CCS. Adhere as shown on the photo. Cut (2) 4-1/8" x 6-1/8" Gray Flannel photo mats. Center over the Jumbo Circle.

Step 3: Use the Winter Elements stencil and Summer Sky ink to blend the dots pattern over all of your splattered areas. Next, tape off one of the snowflakes on the stencil and blend one snowflake over each splattered area.

Step 4: Tape off large tree and stencil on extra white cardstock with Summer Sky ink. Lightly blend Gray Flannel ink over the left side of the tree. Start lightly in the middle and blend the ink a little darker toward the edge. Fussy cut the trees and adhere to page as shown.

Step 5: Finish with journaling and embellishments. Use thin foam adhesive as desired.
